

# TIME TO PLAY!

*Kids are some of the best animal advocates so we've devoted this space to young pet lovers.*

## 3 Ways Kids Can Help Animals This Summer

1

### MAKE A TOAD ABODE

Turn a terra cotta pot on its side and bury slightly. Fill halfway with dirt and watch for toads... especially at night!

2

### NEIGHBORHOOD CATS

Learn about trap-neuter-return efforts. Come use a trap from Charleston Animal Society and help a neighborhood cat.

3

### CLEAN UP THE BEACH!

Pick up trash to protect birds and marine life. You can also help by not bringing plastic items like straws.
